Extra Spacers - D Parts

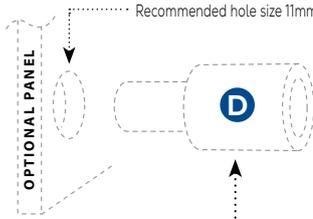

Working with Monomounts

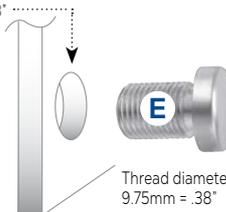

The internal back wall of **A Parts** are designed to accommodate the head of an 8 or 9 gauge countersunk screw or bolt.

Important:
Use approved wall anchors when required.

E Parts screw into **A** or **D Parts**.

Extra Spacers (D Parts) are used to hold more panels and/or increase the standoff distance.

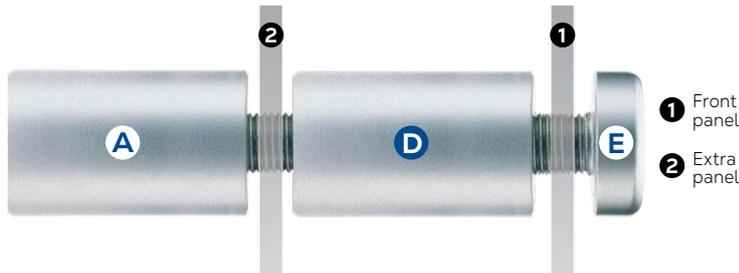

D Parts screw between **A + E Parts**.

For part sizes, panel thickness and weight capacities, visit www.pizazzsystems.com

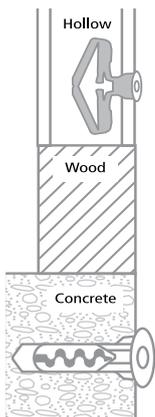

Using Extra Spacers (D Parts) give you more creative options including:

- multiple panel layers with different colours and textures
- offsetting some layers
- **D Parts** can also be used to increase the standoff distance

Extra Spacers - D Parts

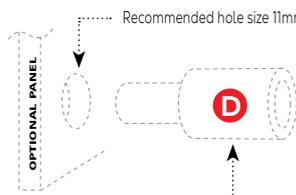

Working with Multimounts

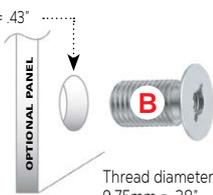

The internal back wall of **A Parts** are designed to accommodate the head of an 8 or 9 gauge countersunk screw or bolt.

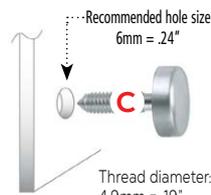

Important:
Use approved wall anchors when required.

B Parts screw into **A** or **D Parts**.

C Parts screw into **B Parts**.

D Parts screw between **A** and **B Parts**.

Extra Spacers (D Parts) are used to hold more panels and/or increase the standoff distance.
